What is roostr?

Roostr is a new way to drive direct installs to your mobile games through YouTube and Twitch Influencer videos.

[JOIN THE ROOST](#)

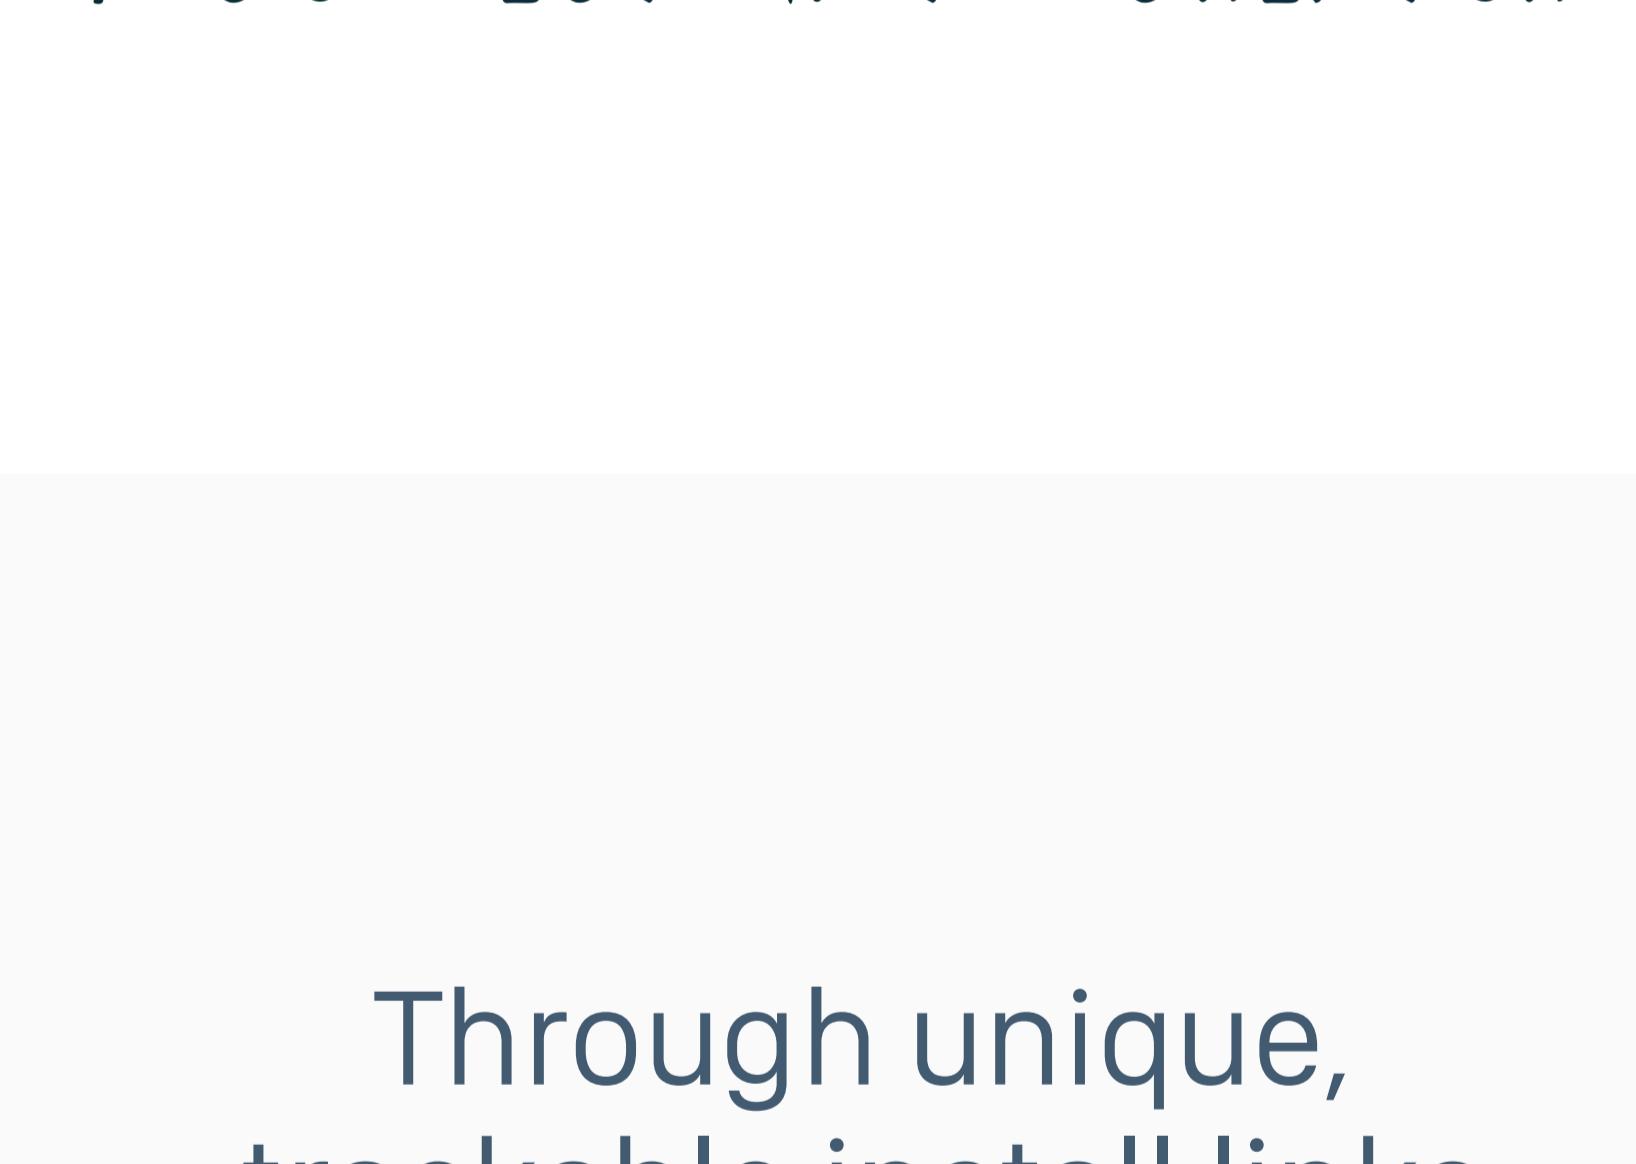

HOW ROOSTR WORKS

You set your campaign budget and CPI upfront and access the top YouTube and Twitch talent that have built-in audiences and proven track records with mobile gamers.

1. SIGN UP

We connect you to the talent, who produce high quality video content targeted to existing and new audiences for your games.

2. CONNECT WITH CREATORS

Through unique, trackable install links attached to all content produced, new players download, install, and play your game!

It's that simple.

3. DRIVE INSTALLS

Discover and hire YouTube and Twitch Influencers to make native content that brings engaged, loyal players directly to your game.

HOW ROOSTR WORKS

1. CHOOSE A GAME

You choose the games and produce native creative content tailored to your audience.

We give you an install link to place within your video description or any associated social account.

You get paid by Roost for each person who clicks on that link and installs the game.

3. GET PAID!!

Cool, how do I find out more?

Join and be among the first to join Roost and become one of the top marketers for mobile games.
